## ABOUT THE PRESIDENTS' ATHLETIC CONFERENCE

The Presidents' Athletic Conference (PAC), built on the basic belief that an athletic program is an integral part of college life, but not an entity in itself, looks back on over sixty years of growth and ahead to years of continued academic and athletic excellence.

The league's name clearly reflects its founding principle that operational control of all aspects of intercollegiate athletics is ultimately the responsibility of the presidents of each member institution, and thus active presidential leadership and oversight is paramount in conference administration.

Formally organized in 1955 by Western Reserve University, John Carroll University, Case Institute of Technology, and Wayne State University, the PAC was the result of a realization that college athletics, despite numerous virtues for the individual and the institution, were gradually becoming a financial and academic burden. If athletics were to be continued, action had to be taken to place the program on its proper level. This included the premise that benefits of participation should be provided to as many students as possible. The PAC and its membership continue its original, defining mission of promoting intercollegiate athletics and the pursuit of academic excellence.

Institutions involved understand that the key components to its progress lie in the foundation of faith in each member by each other member. It is the conviction of its membership that the PAC is the solution to the dilemma of intercollegiate athletic competition, and they have staked their athletic future on this premise.

Currently comprised of nine select private institutions – Bethany College, Chatham University, Geneva College, Grove City College, Saint Vincent College, Thiel College, Washington & Jefferson College, Waynesburg University and Westminster College – the PAC remains a unique organization in this day of high pressure intercollegiate athletics, with academics at the center of each member's philosophy.

The PAC expanded its membership to seven members in 2005 with the addition of Thomas More College, formerly a NCAA Division III independent. Thomas More's 12-year membership in the PAC ended with the conclusion of the 2017-18 academic year. Saint Vincent, a former National Association of Intercollegiate Athletics (NAIA) member, joined the conference in 2006 as it began its reclassification to Division III status. Another former NAIA member, Geneva, became the conference's ninth member and began league play in 2007 as it started its Division III reclassification. Chatham became the league's 10th member, also in 2007.

In 2012, the PAC Presidents' Council voted to add Carnegie Mellon University and Case Western Reserve University as affiliate members in the sport of football beginning with the 2014 season. Franciscan University of Steubenville was accepted as an affiliate member in men's and women's lacrosse in December 2017 and will begin PAC play in 2019.

The PAC crowns league champions and awards all-conference honors in its 23 championship sports (12 men, 11 women). Head coaches determine all-PAC squads for all team sports, while in individual sports, such as cross country and golf, all-PAC accolades are based upon performances at the conference championships.

The PAC, which celebrated its 60th anniversary during the 2014-15 academic year, annually awards its men's and women's All-Sports Trophies to the schools which perform best across the board in PAC competition.

Staying true to its original mission of promoting intercollegiate athletics and the pursuit of academic excellence, the PAC has seen nearly 300 of its participating student-athletes recognized as Academic All-Americans, while the league has also produced numerous NCAA Postgraduate Scholarship winners. Last year, the conference named a record 1,144 student-athletes to its PAC Academic Honor Roll, which recognizes all participating student-athletes who earn a term grade-point average of 3.60 or above.
